About Us

P. R. Solar And Infra is a trusted solar energy solutions company dedicated to providing high-quality, cost-effective, and sustainable solar power systems for residential, commercial, and industrial customers.

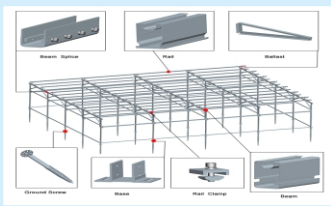

With a commitment to innovation and customer satisfaction, we specialize in **EPC Services, Solar Design, Consultancy, Installation, Net Metering Assistance, and Complete Turnkey Solar Solutions**. Our experienced team ensures professional project execution using **MNRE-approved** components and Tier-1 solar panels for maximum performance and reliability.

We help our customers reduce electricity costs, achieve energy independence, and contribute to a greener future through clean and renewable solar energy.
